2027 KAWASAKI NINJA® ZX™-6R MOTORCYCLE

SUPERSPORT OBSESSION

The 2027 Kawasaki supersport motorcycle lineup welcomes the return of the highly capable Ninja® ZX™-6R and Ninja® ZX™-6R ABS street motorcycles. These 2027 models are set to arrive in Kawasaki dealerships during the summer months so that riders can continue to “Let the Good Times Roll®.”

NINJA® ZX™-6R / NINJA® ZX™-6R ABS

The Kawasaki Ninja ZX-6R “636” remains a staple in the Ninja ZX™ supersport lineup and pushes the boundaries with track-ready performance that prioritizes confident handling during high-performance sport riding. The Ninja ZX-6R offers superior performance across the rev range with its potent 636cc liquid-cooled in-line four-cylinder engine and Assist & Slipper Clutch. It also boasts an eye-catching list of technology features that includes KQS, Kawasaki TRaction Control (KTRC) with three performance settings, Kawasaki Intelligent anti-lock Brake System (KIBS), Power Modes, 4.3” TFT color instrumentation, Smartphone Connectivity via RIDEOLOGY THE APP MOTORCYCLE*, and Integrated Riding Modes.

Nimble handling is achieved on the Ninja ZX-6R thanks to its race-derived chassis, allowing the rider to become one with the machine whether on the racetrack, navigating canyon roads, or cruising city streets. A Showa SFF-BP (Separate Function Fork – Big Piston) and fully adjustable Showa rear shock offer a high level of performance for the racetrack and the plush feeling desired when riding in town. Dual 310mm front discs ensure excellent stopping power, while Pirelli Diablo Rosso™ IV tires offer excellent grip in a variety of riding conditions. The styling is inspired by the Ninja ZX-10R, yet retains its own distinct supersport identity. Its smooth, flowing styling was designed to turn heads and capture hearts. Compact LED headlights, an intricately layered front cowl, and a sporty windshield bring a face to one of the most feared models in Kawasaki’s supersport lineup.

The 2027 Ninja ZX-6R non-ABS model is available in four colorways, Lime Green, Galaxy Silver, Metallic Matte Twilight Blue and Metallic Spark Black/Metallic Flat Spark Black. The ABS model is available in three colorways, including Lime Green, Metallic Matte Twilight Blue and Metallic Spark Black/Metallic Flat Spark Black.

ABOUT KAWASAKI

Kawasaki started full-scale production of motorcycles over a half century ago. The first Kawasaki motorcycle engine was designed based on technical know-how garnered from the development and production of aircraft engines, and Kawasaki's entry into the motorcycle industry was driven by the company's constant effort to develop new technologies. Numerous new Kawasaki models introduced over the years have helped shape the market, and in the process have created enduring legends based on their unique engineering, power, design and riding pleasure. In the future, Kawasaki Motors, Ltd. is committed to maintaining and furthering these strengths which will surely give birth to new legends.

Kawasaki Motors Corp., U.S.A. markets and distributes Kawasaki motorcycles, ATVs, side x sides, and JET SKI® watercraft through a network of approximately 1,100 independent retailers, with close to an additional 7,700 retailers specializing in general purpose engines. Kawasaki and its affiliates employ nearly 3,100 people in the United States, with approximately 260 of them located at Kawasaki's Foothill Ranch, California headquarters.

Kawasaki's tagline, "Let the Good Times Roll.®", is recognized worldwide. The Kawasaki brand is synonymous with powerful, stylish and category-leading vehicles. Information about Kawasaki's complete line of powersports products and Kawasaki affiliates can be found on the Internet at www.kawasaki.com.
